

# Senators Saying 'No Thanks' To Job Of Probing McCarthy

WASHINGTON (AP) — Leaders combed a list of about 20 senators today in the hunt for what they called a middle-of-the-road committee to investigate the conduct of Sen. McCarthy (R-Wis.).

The GOP and Democrat chiefs were finding their task more than a little difficult. The fact that they had thinned down the list of 96 senators to 20 was prime evidence that there are few upper house members left who have not expressed themselves on the controversial issue of McCarthyism.

And of the 20, it was also evident the leaders may have trouble finding three from each party willing to handle a thorough investigation of the always-ready-for-a-fight senator from Wisconsin. There definitely were no volunteers.

High on the lists compiled by Sen. Knowland of California, the Republican leader, and Sen. Lyndon B. Johnson of Texas, the Democratic chieftain, were reported to be the names of Sena-

tors Millikin (R-Colo.), George (D-Ga.), Russell (D-Ga.), and Byrd (D-Va.).

Knowland had called for the naming before the day is over of three Republicans and three Democrats to serve as a special group to sift 46 accusations offered as the basis for a move to censure McCarthy.

There were indications Knowland and Johnson were running into difficulties and delays in picking the new inquiry group as senator after senator whose

name was mentioned ticked off objections to serving.

There was an obvious reluctance to undertake in Washington's summer heat a job most senator regarded as likely to be even hotter politically.

Knowland's GOP list, apparently compiled largely from suggestions made by Republican Policy Committee members, was said to include Senators Payne (Me.), Case (SD), Carlson (Kan.), Hickenlooper (Iowa), Barrett (Wyo.), Crippa (Wyo.), Ben-

nett (Utah), Thye (Minn.) and Martin (Pa.).

Efforts were being made to prevail on Millikin, chairman of the Conference of all Republican Senators, to head the Republican trio. Millikin didn't voice a positive "no," but he told a newsman he had a "lot of other work to do in Washington and in Colorado."

Johnson was reported to have told George, Russell and Byrd he feels he must have one of the three of them among Democrats

on the committee. All three said they didn't feel they could serve.

Also high on Johnson's list were said to be Senators Stennis (Miss.), Hayden (Ariz.), Daniel (Tex.), Sparkman (Ala.), Holland (Fla.), Pastore (RI), and Edwin C. Johnson (Colo.).

Knowland and Lyndon Johnson pressed for speedy action so that the six-member committee could make an early inquiry and report back before scheduled mid-month adjournment of Congress.

The accusations stem mostly

from McCarthy's Communist-hunting tactics, his financial operations and his criticisms of fellow senators and government officials.

Awaiting choice of what some senators referred to as the "jury," McCarthy said he believes his accusers should appear first before the special committee. After that, he said, he will be ready to reply.

Sen. George said the committee "should have closed hearings and reduce the charges to four or

five of sufficient substance that they would be grounds for censure, if they were proved. Then it might be possible for the committee to dispose of a charge a day in hearings."

Chairman Ferguson (Mich.) of the Senate GOP Policy Committee said he thinks the Senate committee itself by its 75-12 vote sending the McCarthy issue to the special committee to remain in Washington until it has a specific report on which to act.

## President Lauds George Marshall

WASHINGTON (AP) — President Eisenhower, speaking of the McCarthy dispute in the Senate, came up with a ringing defense today of Gen. George C. Marshall when asked for comment on a statement by former Secretary of War Harry Woodring that Marshall would sell out his own grandmother for personal advantage.

Eisenhower said Marshall, who as army chief of staff was his superior during World War II, typifies all that we look for in an American patriot.

attacks on Marshall, labeling the general, in effect, a traitor.

**THE WOODRING** statement, contained in a letter to a New York friend, was used by McCarthy in rebuttal to one of the 40-odd formal accusations filed against him.

As to the controversy in the Senate over whether McCarthy should be censured, Eisenhower said in reply to a question that of course that controversy will have an effect on Republican party unity. But he said he feels he should not try to evaluate the situation in advance of any decision by the Senate on what course to take.

The President added that anything which tends to divide the party concerns him and means he must take some steps with respect to the situation.

On other matters:

**COMMUNIST CHINA** — Eisenhower reiterated with great emphasis that he is opposed to admitting Red China to the United Nations under present conditions.

The President went on to say he is always ready to wait and see whether the sinner reforms and comes into the fold. He would be off his rocker, he added, if he attempted to say what conditions would be five years from now with respect to Red China and the U.N.

**ATOMIC POOL** — The President said he does not propose to be defeated on his plan for an international atomic energy pool for peaceful purposes merely because Soviet Russia has refused to go along with the idea. He said he still is trying to find a way to put the plan into effect without Russia and intends to keep on trying.

**POLITICS** — So far as he is concerned, the President said, the main issue of the fall congressional campaign will be simply this: Is the record of the Republican administration a good one?

## Bleeding Boy Suffers Stroke

MIDDLETOWN (AP) — Eddie Phillips, whose protracted bleeding following a tonsil operation aroused the concern of many persons, suffered a stroke over the weekend.

His condition today was regarded as improved and he was being fed a milk formula through a tube. He also is breathing through a tube.

Eddie, 6, underwent an operation July 6. He bled for days. Then he was beset with hives and over the weekend a blood clot formed.

The stroke followed and the little boy's left side was paralyzed for nearly eight hours.

The irony of it all, the physicians said, was that they tried for three weeks to get the blood to clot, then when it did it caused a crisis.

## Paint Splattered On Officer's Car

Police are looking for the person who, sometime before 2 A. M. on Wednesday, threw approximately a quart of green paint on Policeman Elmer Kelley's automobile parked back of the city building.

Part of the paint splashed on City Fireman Marvin Overly's motorcycle, parked near Kelley's car.

Kelley discovered the vandalism about 2 A. M. when he went to his car. Apparently the paint had been thrown on it only a short time before, because most of it could be wiped off.

Only the car and motorcycle were parked back of the building at the time.

## Bryan Released On \$5,000 Bond

### Preliminary Hearing On Manslaughter

Donald Eugene Bryan, 21, city driver of the car which struck and killed Andrew Gosnell and Mary Ella Covington of near Knoxville, Tenn., near Memorial Hospital at an early hour Sunday, was released on \$5,000 bond Wednesday morning.

His parents, Mr. and Mrs. Chester Bryan, furnished the bond.

He had been held in the county jail since the tragedy on two charges of second degree manslaughter, with bond fixed at \$5,000 in each case.

He is represented by W. S. Paxson, who obtained a reduction of the bond to \$5,000.

His preliminary hearing is scheduled for Friday at 9:30 A. M. before Judge R. L. Brubaker in municipal court.

Results of a blood test made on Bryan soon after the accident have not been disclosed. The tests were made to determine whether he had been drinking.

In a signed statement, Bryan said he did not see anyone, but heard a thud and then a second thud. He said he believed the second thud was when his car struck the embankment and went through the fence.

After his car struck the two people, it carried them nearly 100 feet before striking the end of a concrete culvert. The car then went some 200 feet before going in to the embankment.

## Boatman Accused In Lake Mishap

LANCASTER (AP) — Fairfield County Sheriff Dudley Cridler has filed manslaughter charges against Andrew Sullivan, 49, a Columbus machinist, operator of a boat which struck and killed a Ross County man last Thursday.

Henry Minor, 29, of Kingston was killed when the motor boat hit him as he and a companion were fishing near Leib's Island in Buckeye Lake. The companion, William Blakes, 35, of Millersport escaped injury.

Sullivan told authorities he was pulling a water skier who had fallen into the lake when he heard a thud and screams. He said he did not know he had struck anyone.

## Furnace Explosion Injuries Fatal

ZANESVILLE (AP) — Neil Wilson, 47, one of six persons injured yesterday in an explosion at the nearby Philo plant of the Ohio Ferro Alloys Co., died today.

Wilson was a foreman and suffered severe burns.

The blast blew the roof off one building and shattered windows. A plant spokesman said a mold exploded as a crew was pouring steel from a furnace into the mold. There was no estimate of damage.

## Foreign Aid Cut Decried By President

### Whittlers In Senate Lack Knowledge Of Kremlin Aims Ike Says

WASHINGTON (AP) — President Eisenhower said today the foreign aid cut voted by the Senate is too deep and will hurt the United States badly. He also said it reflects some lack of comprehension as to what the people in the Kremlin are doing.

The President told a news conference that before the bill went to Congress the administration already had trimmed the program as much as it felt was justified.

The chief executive's statement came as Senate leaders faced the tough job of heading off additional multimillion-dollar cuts in the administration's foreign aid program.

They appealed to the Senate Appropriations Committee to save all possible of Eisenhower's request for \$3½ billion of new funds for the global anti-Communist effort in the year which started July 1. Chairman Bridges (R-NH) called the purse-string group into closed session to vote on actual amounts to recommend in the final money bill of the session.

**EISENHOWER** and Secretary of State Dulles received a setback yesterday when the Senate slashed another half billion from the separate foreign aid authorization bill. It set a ceiling \$800 million less than the President asked, a long with restrictions he did not ask.

And it created the unusual situation of authorizing less than the House already has voted to spend.

Authorization measures normally are passed to establish maximums before Congress appropriates the actual money. But this time the House went ahead and voted to appropriate \$2,859,944,000 in new funds after fixing a limit of \$3,368,000,000. This latter authorization bill is the one trimmed yesterday by the Senate to \$2,610,000,000, or about \$286 million less than the House appropriation.

The conflict thus puts the Senate and House at odds over two sets of figures at once, with little time remaining for agreement on how much to spend.

The House-passed money bill, on which the Senate Appropriations committee continued work today, also allows some \$2,313,000,000 in funds previously voted but not yet obligated for a total aid program of about \$5.2 billion.

Sen. Long (D-La.) led the drive to chop an extra half-billion dollars from the authorization on a 45-41 Senate vote that found 26 Democrats and 19 Republicans opposing the administration.

## Estranged Mate Kills Woman, 26

BELLAIRE (AP) — A 56-year-old father last night stood by helplessly while his daughter was slain by her estranged husband. The husband died a few hours later of a self-inflicted gunshot wound.

Dead were Sanford Seever, 27-year-old electrician, and his wife, Irma Campbell Seever, 26. She was shot in the head and neck with 38 caliber bullets. They had been married seven months. The tragedy occurred at the home of Mrs. Seever's father, Clifford Campbell. She had moved there after separating from her husband.

## Milk Pact OK'd

CINCINNATI (AP) — Representatives of the AFL Milk Drivers' Union and the Milk Producers Assn. today agreed to a new work contract. Driver-salesmen will receive an average weekly pay boost of \$7, based on commissions. Plant workers will receive a \$3 weekly increase. Base pay was \$81.45 a week.

## Republican Committee Defers Any Endorsement For Postmastership

Endorsement of a successor to Emmett Passmore, who has announced his retirement on August 31 as postmaster of the Washington C. H. office by reason of ill health, is still wide-open so far as any action by the Republican Committee of Fayette County is concerned.

At a special called meeting of the Republican county executive committee Tuesday night there was considerable discussion as to what procedure was to be followed. The law was read and re-read by those present and the general opinion was expressed that proper interpretation indicated that endorsements were to be made only by county central committees unless such committees went on record by resolution to delegate the right

## Holford Still In County Jail

### Rittenhouse Fears Attempt on Life

William M. Holford, the former police chief of Jeffersonville, who is facing a charge of shooting with intent to kill Paul Rittenhouse, is still in the county jail here and up to Wednesday noon had been unable to furnish the \$10,000 bond fixed by Justice of the Peace C. R. Robinson at Jeffersonville.

Hearing reports that friends of Holford were planning to furnish bond for his release, even after Holford had threatened in the court room to "get" him, Rittenhouse contacted Sheriff Orlando Hays Tuesday night and asked to be notified if the former chief is released so he could protect himself.

Rittenhouse frankly told Sheriff Hays that he was concerned for his life if Holford is released from jail.

Holford had fired three shots at Rittenhouse after halting his car in front of the school building at Jeffersonville about 5 P. M. Monday. Rittenhouse disarmed him, receiving a severe powder burn on his hand when the gun was discharged as he wrested it from Holford.

## Police Claim Dr. Sheppard Failing To Help In Mystery

CLEVELAND (AP) — Police Chief Frank W. Story reported today that Dr. Samuel H. Sheppard now has "clammed up completely," but that because of new information he is more helpful of solving the slaying of Sheppard's wife.

"He just doesn't want to help the investigation," Story said of the 30-year-old osteopath held on a first-degree murder charge.

The chief said Dr. Sheppard "is too well coached and advised by his attorneys, and the present interrogation seems to be a waste of time."

Story today called off, at least for the time being, questioning of Sheppard whom detectives have been interrogating in relays since Friday.

Just what the new information is, the chief refused to say. But he said that because of it, he is "more hopeful now of a solution than we were a week ago."

**THE PHYSICIAN** is accused of killing his 31-year-old wife, Marilyn, in the bedroom of their suburban Bay Village home on July 4.

Detectives said they were probing reports of "other women" in Dr. Sheppard's life, but the prisoner refused to discuss the matter.

Often he simply picked up a Bible and began to read to himself when they pressed the point, the officers said.

**THE PRESENT** Fayette County Republican Executive committee is made up of 15 members, one being elected by each ward in Washington C. H. and one elected from each of the 11 townships, with 18 other members being appointed by the central committee which organizes after its election.

In Tuesday night's meeting the members of the executive committee who were appointed, retired until the central committee could reach a decision as to what action should be taken.

A motion by Omar Schwartz of the second ward, was passed unanimously by the central committee. This motion empowered the central committee only to make endorsements for positions and delegated to the executive committee, of which all central

## Red German Chief Accepts Dr. John

BERLIN (AP) — Communist Premier Otto Grotewohl told the East German Parliament today that West German security chief Otto John has been granted political asylum in the Soviet zone.

Dr. John disappeared into the East sector of Berlin July 20. The West German government has taken the official position that he was kidnapped, probably while drugged, or lured into the Red zone.

The East German radio announced last night that Red state security police had rounded up a "large number" of persons it said had been spying for the West German and American "secret services." That broadcast did not mention John by name, but as head of the Bonn government's internal security service he knew the identities of hundreds of persons sending information from East Germany to the West.

## Big Bargain Days Coming Up Soon In Stores Here

A couple of big bargain days are coming up in Washington C. H.

Friday and Saturday have been designated as Dollar Days in most of the stores in the city—Dollar Days when dollars can be saved by taking advantage of the special offers made by these stores.

These Dollar Days have been arranged by the Retail Merchants committee of the Chamber of Commerce. Weeks of planning have gone into them. They are a part of the overall program outlined by the Merchants Committee to make Washington C. H. the best shopping center anywhere around.

The committee adopted a slogan of "Bargains Galore All Over the Store" for the Friday and Saturday Dollar Days.

The participating stores will tell in detail of their bargains in their advertisements in tomorrow's Record-Herald. Be sure to go over them carefully and see how much you can save—and then go to the stores Friday and Saturday and take advantage of the opportunities.

## Top Officials Agree On Vital Need Of Island

### But American Leaders Going Slow On Signing Alliance With Chiang

WASHINGTON (AP)—If Communist China makes a major attack on the Nationalist island of Formosa, the United States will go to war. Nearly every top U. S. official willing to discuss American policy publicly or privately agrees on that, an Associated Press survey shows.

But the Eisenhower administration is not willing, at least for the time being, to make that pledge in a formal treaty with Generalissimo Chiang Kai-shek of the Chinese Nationalists.

Almost no responsible authority wants to talk about this aspect of American policy. It is too much of a diplomatic hot potato.

Yet it is a fact that the American leadership now gives evidence of being whipsawed on a global scale over a policy issue which seems to be deeply involved in the problem of an alliance with Formosa.

The issue is this: Is the United States preparing for war in the view that it is inevitable, or is it directing all its efforts toward avoiding war, without losing honor, in the hope of success?

**AT ONE EXTREME** on this issue is South Korea's President Syngman Rhee, who has gone about this country on his current visit vigorously advocating combat to solve the problems of Asia, and particularly of divided Korea.

Rhee was rebuffed by President Eisenhower. Instead of the strong public statement he wanted, Rhee was persuaded to join Eisenhower in a general declaration of desire to unify Korea by peaceful means.

At the other extreme is India with its policy of neutrality, as between communism and the West, in the cold war.

India's position is important because of Prime Minister Nehru's influence in Asia, generally assumed here to be great, and of his capacity to influence British policy.

In trying to build a system of anti-Communist alliances in Asia, the United States has been following a course far removed from the extremes as typified by Rhee and Nehru. But these positions exert constant pressure on the American course.

Chiang has publicly dedicated himself to leading a Nationalist Chinese liberating army from Formosa against the mainland, from which he was driven by the Reds. American diplomats say he appears convinced the Chinese people would rise in wrath against the Reds to join his crusade.

**STATE DEPARTMENT** officials, however, are not convinced this would actually happen. They have discouraged such ambitions in Chiang while seeking to build up his defenses.

The Eisenhower administration seems clearly to conceive of Formosa as a defensive position essential to the security of the American defense line in the western Pacific—not as a base from which a successful assault could be launched on Red China except as one phase of a much larger strategy.

The Chinese Reds, however, have been as belligerent about Formosa as the Nationalists have been about the mainland.

They are continually threatening to seize it, and their threats have sounded much louder in Washington since the Indochina settlement.

Secretary of State Dulles reminded newsmen yesterday the U. S. 7th Fleet is in the area to protect Formosa in event of a Communist attack. But Dulles added that while some thought has been given to bringing Formosa into a treaty with this country, (Please turn to page two)

## Grange Meets In Good Hope

### Members Plan Site For Annual Picnic

The annual picnic of the Good Hope Grange will be held Aug. 15 at Madison Lake, members decided at their meeting Tuesday night at Grange Hall. The picnic will be at 12:30 at the lake east of London where swimming and boating facilities are available.

Master Loren C. Johnson opened the meeting and the secretary's report was read by Katherine Dixon. The insurance report was given by Loren B. Johnson.

In memory of two members, Robert Rodgers and Fred Prosch, who died recently, the charter was draped in a ceremony conducted by Janeann Herdman, Alma Rock, Neil and Thelma Rowland and Donna Jean Johnson.

Two new candidates, Edna and Dwight Summers, were voted in as members.

Loren B. Johnson, a member of the Wayne School Board, explained the school levies to be on the ballot this fall. The members then discussed the issue.

Martha Sollars reported on Memorial Hospital. Katherine Morgan showed several grains and grass seeds for members to identify.

The Fair was another topic of conversation. A member, Bill McFadden, was announced as the winner of the 4-H Outstanding Boy Award. A check from the Fair Board was presented for Good Hope's fourth place in the Grange competition.

Guests of the meeting were County Deputy and Mrs. Herbert Perrill and Loren Hynes. Perrill asked the members to support the Booster's Night to be held Sept. 13 at the Dayton Power and Light auditorium.

## U. S. Will War

(Continued from Page One)  
there has been no decision and no change of policy. Dispatches from Formosa have given evidence of a desire on the part of Chiang for such a link.

AUTHORITIES suggest, however, at least four strong reasons which may bear upon the administration's attitude:

1. The United States would have very little to gain, since Chiang has little to offer not already committed under a current informal arrangement.

2. Other countries in Asia whose friendship Washington wants are regarded here as disliking Chiang and any formal alliance with him might be a handicap in dealing with them.

3. Chiang might use the formal commitment of a mutual defense pact to involve the United States in a war with Red China by attacking the mainland or creating some incident which would lead to war.

4. There is at least an implication that some officials think the United States should keep its policies flexible and not make a 10 or 20-year treaty with a refugee government of uncertain tenure.

## Make Requests Now For Football Seats

Football fans who had reserved seats at Gardner Park here for games last year can get the same seats again this year, Arthur Engle, faculty manager of the Washington C. H. High School announced. All applications for them must be made before Aug. 13, however he added.

Engle explained that every effort would be made to give the fans the seats they want and suggested that they send last year's tickets with their application. This, he explained, would simplify determining the location of the seats.

He also said it would be much more satisfactory to make the requests by mail addressed to him personally at the high school principal's office. He added that mail addressed to his home in Bloomingburg might be overlooked. He said that telephoned requests for seat reservations were not reliable because they provide no written reference for filing.

All seats for which no reservation requests have been made by Aug. 13 will be offered to the public, Engle said.

There are 760 reserved seats in the stadium on the south side of the field and about 200 on the north side bleachers section that have been taken in past seasons by fans here.

Members of the football squad will start selling tickets Aug. 16 and these may be exchanged for the reserved seats, including those reserved before Aug. 13, at the high school between 2 and 5 P. M. on Aug. 23.

# Fred J. Milligan Speaker Before Rotary Tuesday

Tells of Efforts  
To Obtain Change  
In School Law

Some astounding facts, surprising to many who learned of them, relative to lack of requirements under the law for the teaching of any fundamental courses of study in the public schools of Ohio, were presented to Rotarians and guests at the club luncheon meeting Tuesday at the Country Club.

The only required course is that public high schools shall include one unit of American history and government, it was stated.

The speaker was Fred J. Milligan, secretary and counsel for the "committee for Ohio Schools" which is making an earnest effort to have the present Ohio school law changed so as to require a minimum curriculum of basically fundamental and traditional sound courses of study in the public schools.

Milligan, a prominent Columbus practicing attorney, a former Ohio Director of Commerce and a former assistant to the attorney general of Ohio, also is a trustee of the Ohio Historical Society.

HE IS KNOWN to many citizens of Fayette County and has been engaged in many interests, among them being a former president of the Central Ohio Area Council of the Boy Scouts of America.

The speaker, who was introduced by Ralph Penn of the August Rotary program committee, traced the legislative history of required courses of study in Ohio public schools, beginning back in 1878 up to 1943 when the Ohio General Assembly enacted a new school code which became effective September 16, 1943. The preceding General Assembly created the Ohio School Survey Commission for the purpose of recodifying the school laws. This commission presented its recommendations and a new school code which was introduced in the House. This bill comprised 184 printed pages, consisting of 5,411 lines and more than 60,000 words. Thus the new School Code was presented as a "package."

MILLIGAN STATED that with respect to required courses of instruction the proposed school code consolidated all former requirements into a new section repealing all former sections of the law relating to required courses. The section as recommended by School Survey Commission, and as carried in the bill introduced in the House, provided that courses of instruction in the public schools "shall" be required in the following courses:

Health and physical education, including instruction in the harmful effects of narcotics and alcoholic beverages; first aid, safety and fire presentation; the history of the United States and the state of Ohio, including a study of the Constitution of the United States and the state of Ohio; the language arts, including reading, spelling, oral and written English and literature; mathematics; natural science, including instruction in the conservation of our natural resources; and fine arts, including music (both vocal and instrumental).

The speaker said that an analysis of the section proposed and recommended by the Ohio School Survey Commission in 1943, reveals that that commission kept faith with all previous general assemblies, the parents and the school children of Ohio by providing that all previously required courses of instruction be retained and that one new course be added, namely, the teaching of the history of the state of Ohio.

IT WAS SOON thereafter that the bomb shell struck this proposed piece of legislation, according to Milligan, who described what happened as "the Pearl Harbor" of required courses of study as set forth in the bill.

In the House Education Committee, to which the bill was referred for hearings, 321 amendments were offered to the new School Code. One of these, innocent on its face, provided:

"In line 2106 strike out the word 'shall' and insert in lieu thereof the word 'may'."

The effect of that Amendment was to wipe out every required course of instruction in the public schools and to make all courses described in the law permissive, except one, by amendment, requiring one unit of history in high schools.

Milligan called attention to the fact that thus by changing the word "shall" by "may" all legal requirements as to courses of instruction in the public schools of Ohio were abolished with the single exception of one unit in high school. "There is no legal requirement today as to what shall be taught, only a list of subjects that may be taught," he stated.

This, of course, does not preclude the teaching of any other subjects that might suit the fancy of those responsible for selecting the course of instruction. Similarly, it does not assure the teaching of any of those courses listed in the bill presented by the Ohio School Survey Commission, the speaker said.

"Protecting our heritage," Milligan asserted, "is of great importance to the future of education in Ohio."

Visiting Rotarians at Tuesday's meeting were William Burger of Manchester, New Hampshire, and

Roy Vandegriff of Greenfield.

Other guests including members of the Washington Board of Education were, A. E. Weatherly with George Finley, William Lovell and Walter Rettig with Edmond Woodmansee, Robert Terhune with Glen Allen, Lovell Marvin with Dr. S. B. Smith, Virgil Perrill and John Trace (new high school principal) with Ralph Penn; Dana Bryant with Dr. F. D. Woollard.

MILLIGAN called attention to the fact that there are requirements by law for minimum wages for teachers, and minimum standards for bus driver salaries and duties, but not any minimum standards for what students get in the way of courses of study.

He stated that there were numerous professional educators who oppose the law stating that such courses "shall" be taught and urged the "may" approach. He contended, however, that the curriculum law might as well be repealed as to be left optional.

He said that the Committee for Ohio Schools of which he is secretary, is a voluntary organization seeking to reestablish a minimum fundamental course of study within the school law without attempting to detail how or when such courses must be taught, merely that they become a part of the school curriculum.

The speaker was heartily applauded when he concluded and President George Finley warmly congratulated him upon his timely message.

IN PRE-PROGRAM activities of the Rotary meeting, President Finley called attention to two Rotarians recently honored, W. M. Campbell and Col. Max Dice, the former for being named "man of the month" by the official publication of the National Canning Industry and the latter for a citation of merit for his services in connection with the Air Materiel Command at Dayton.

Attention again was called to the picnic to be held at Washington Park next Tuesday at 6:30 P. M. for Rotarians and their families and friends. A covered dish supper is to be provided by those attending and a program is to follow at the swimming pool.

Birthday greetings were sung for Ray Maddox, Howard D. Fogle and Ed Moser. They contributed in the usual manner.

In the absence of Song Leader William Clift, Rev. Clinton W. Swengel was pressed into service and took hold of his temporary job with pronounced enthusiasm.

## Army Officer Said Deserter

CINCINNATI (AP) — Francis Earl Walker, 34, who thought he had resigned his Army captain's commission, was arrested yesterday at his mother's home in Noble County on a charge of desertion.

The FBI office in Cincinnati said Walker deserted last Jan. 2 from Fort Sheridan, Ill. He was picked up in civilian clothes at a farm house near Harriettsville. Walker, a bachelor, had not been working.

## Thugs Tip Victim

VENICE, Calif. (AP) — Two men forced Ronald Wade last night to return from his home garage to the market he manages. They made him open the safe, taped his hands and feet and left with \$5,000. One tossed him \$25, explaining: "That's for your trouble."

## Kerns Appointed Acting Postmaster

Samuel Kerns, 35, has been appointed acting postmaster of the Leesburg office, effective Aug. 1, until a Civil Service examination can be held and eligibles determined.

The appointment of Kerns came as a surprise to the community generally, since the Highland County Republican Executive Committee had endorsed Marion Sexton for appointment and had forwarded the indorsement to Sen. John W. Bricker.

Kerns has been employed at the Bell Foundry in Hillsboro for the past eight years, and is a veteran of World War II.

## Central Ohio and Anti-Crime Cooperation

There seems to be evidence that the wave of armed robberies and other crimes has been on the increase. Reports to this effect are giving city and county, as well as state authorities, all over the nation considerable concern. Ohio is having quite a run of violent crimes as well as robberies. Here in Fayette County there has been no noticeable increase of criminal violations but this county is close to the fringe of such operations in larger cities such as Columbus, Dayton and Cincinnati. As a result, criminals fleeing from authorities in some of the larger cities might easily speed into this city or county; might even "hole-up" here at times till they felt safe in leaving.

There are too many criminal reports for complacency in any community. There is no knowledge that the many recent holdups and other crimes are related, but every gangster-free community must be kept free of organized crime. Our streets in every city must be kept safe for all citizens. The people of a generally law-abiding locality like Washington C. H., are unanimously opposed to having any gangsters or gun-toting thugs in our midst.

The question has been raised in Ohio regarding a system of closer cooperation between counties and cities to prevent either easy access or escape.

It is reported that the city and county law officers of Columbus and Franklin County have completed plans for a drag-net blockade system to cover every road within 75 miles of Columbus in cases where bank robbers or other criminals are being pursued. This means that Fayette County's help is needed in any new plan advanced.

The system, which calls for close cooperation between enforcement officials,

is so planned that within 10 minutes after an alarm is sounded, Franklin County and the six surrounding counties will be in position to throw up roadblocks.

Perhaps some such system would work on a still broader scale. Certainly it would be to the advantage of all to cooperate fully in making this state an unhealthy place for armed robbers and thugs.

### Just As Expected

The Communist press throughout the world has been ranting in uninterrupted ecstasy over the Indochinese "surrender" ever since it took place. Like fanatics drunk with new power, they have been urging their followers on to new "visions" of things to come. Britain and France were expected to follow up the Indochina peace with overtures looking towards the admission of Red China to the United Nations, but the reaction of international Communism has given pause even to Churchill and Mendes-France.

But nothing said or done at Geneva is likely to have more influence than the ruthless shooting down of a British airliner over international waters, and the attacks upon American planes searching for survivors by the Chinese Communists. The arrogance with which Red China has treated the situation is enough to shock the most cynical diplomat. Peiping has warned the United States to stop our "provocations" or "suffer the consequences". Peiping has also told the British to limit their search for the destroyed airliner to one plane.

This is the answer of Red China to the demonstrations of conciliation and good will which were most marked on the part of Churchill and Anthony Eden, at the Geneva meetings. Give the Communists an inch, and they'll reach for a mile!

## Golden Eagle's Feathers All Pulled

By Hal Boyle

PINE RIDGE, S. D. (AP)—The vanishing Redskin is no longer vanishing, but the poor Indian is still having a tough time.

"Our population is increasing about three per cent a year," said Ben Reifel, superintendent of the Pine Ridge Reservation. It is the second most populous in America.

But a rising birth rate has only accelerated the Indian's task of surviving a white man's world. Reifel, a former Army officer and Harvard graduate, is the son of a full-blooded Sioux mother and a German-American father. He feels the only possible solution of "the Indian problem" is education.

"There is no other answer," he said crisply. "The Indian simply must adjust."

He estimates that of the 30,000 Indians in South Dakota (there are 150,000 in the entire country) only 15,000 are integrated in the pattern of our civilization. Some 11,111 Ogalala Sioux now crowd the reservation, and they are selling off their acres to white ranchers at a rate that in 12 to 15 years will leave them completely landless.

"There are 1,700 families on the reservation now, and it will support only 600 families," said Reifel. "Only 200 families are gainfully employed full time. The

rest have to be subsidized one way or another."

As the superintendent sees it, the biggest trouble in upgrading the Indian economically is his failure to put the same value on time and thrift as his white neighbors do. "With the Sioux," he said, "right now is important, not tomorrow. Time has no economic concern to them, and they have no interest in saving."

"This is because in the old days the buffalo provided them with everything—food, shelter, clothing and bone utensils. They had no way of storing food, and since they followed the buffalo they had no reason for building up material possessions."

"They lived each day as it came, but they can never become assimilated in our culture until they develop a consciousness of time."

Another difficulty in uplifting the Indian's standards lies in the fact that women of marriageable age far outnumber the men on the reservation.

"This is tremendously important," said Reifel, who wishes the situation could be reversed, "because ordinarily women raise the moral level in any civilization."

Because of the shortage of husbands, about 25 per cent of the

children born on the reservation are illegitimate. No stigma is attached to them among the tribe, but the high rate of illegitimacy adds to the problem of creating stable family patterns.

While most Indians agree with Reifel that education and acceptance of the white man's goals in life are the only way they can hope to lift themselves from abysmal poverty, many feel the federal government has not done enough to help them.

"Long before Columbus came, the Indian was a soaring golden eagle," one elderly tribesman said.

"But the white man envied the golden eagle his freedom and coaxed him down from the clouds and trapped him. He told the Indian that a golden eagle was nice, but he would be better off if he were a great white eagle."

"The white man said he would help the Indian become a white eagle and started pulling out his tail feathers and his wing feathers. But when he pulled out a golden feather he didn't replace it with a white feather."

"Now the white man has tired of his game and says, you are a white eagle—why don't you fly? But the Indian is no longer an eagle at all. He has no feathers left, and he can't get off the ground."

## Nehru On China-India Peace

By George Sokolsky

During the visit of Chou En-Lai to India, in June, many banquets were held at which many speeches were delivered. The keynote was peace and it was stressed that China and India had been at peace for 2,000 years, which excludes the conquest of India by the descendants of Genghis han, who was a Mongol and not a Chinese and therefore what seems to be an historic inaccuracy becomes a matter of interpretation. Also nothing is said about the Chinese conquest of Nepal and Tibet, which, while not directly Indian territory, did involve India in troublesome situations with China.

Nehru waxed very enthusiastic about peace, saying this:

"Peace is necessary for the entire world and peace is indivisible today. But in Asia peace is even more vital and necessary than elsewhere, for we have to build our nations and we want to build our energies in the task of construction and not of destruction. There are divisions and differences in the world, but there is also a sense of unity and of growing oneness. I earnestly trust that our minds will be directed toward this growing feeling of oneness and to the pursuit and realization of the com-

mon ideals that animate humanity today instead of laying stress on divisions and differences.

"Recently India and China came to agreement, and we have laid down certain principles which are recognition of the sovereignty and territorial integrity of each country, of mutual noninterference with each other's internal affairs, of equality and mutual benefit and peaceful co-existence."

However, nothing was said by Chou En-Lai or by Nehru on the subject of Red China's invasion of Korea or Indochina or the conquest of Tibet by the Soviet Universal State, or of the absorption of Mongolia and Tannu Tuva into the Soviet system. Apparently the oneness of Asia is to be achieved by the piece-meal reduction of Asiatic countries by the Kremlin until nothing is left in freedom but India.

Precisely how is self-determination achieved by substituting Soviet Russia as a colonial master for France? This is, in effect, what has now happened in northern Indochina, as the two major representatives of the Soviet Universal State, Molotov and Chou En-Lai, made clear by their conduct.

It must have been a real unpleasantness for those who believe that Soviet Russia and Red China will split up to witness the absolute oneness of Molotov and Chou En-Lai, the oneness of the Soviet Universal State, the discipline of the Korean and Indochinese delegates and their submission to the higher authority. It must have shattered their hopes, particularly the hopes of Anthony Eden, that once the West showed Chou En-Lai how gentlemen act, he would become a gentleman.

I knew Chou when he was a young fellow in Tientsin where I worked on a newspaper and I have never doubted that he

would not change his course the moment he gazed upon the handsome features of Anthony Eden. His is a conviction and faith that knows no turning. At any rate, two of Red China's military planes responded to kindness by shooting down a British commercial passenger plane over the island of Hainan. Perhaps that is Nehru's conception of how Chou En-Lai should maintain the peace.

Chou En-Lai replied to Nehru's speech:

"All the peoples of Asia want peace. The menace to the peace of Asia comes now from outside. But Asia today is no longer the Asia of yesterday. The age when outside forces could decide at will the fate of Asia has gone forever. We are confident that the unity of all peace-loving nations and the peoples of Asia will frustrate the scheme of the war instigators. I hope that China and India will cooperate even more closely for the noble aim of safeguarding peace in Asia."

He also said: "Revolution cannot be exported. At the same time, outside interference with the common will expressed by the people of any nation should not be permitted. If all the nations of the world put their mutual relations on the basis of these principles, intimidation and aggression by one nation against another would not happen, and peaceful co-existence of all nations of the world would be turned from a possibility into a reality."

There Are Remedies For Motion Sickness

By HERMAN N. BUNDESEN

Deafness in the inner ear serves as a rather drastic cure for motion sickness. People with such damage in both ears are almost never subject to motion sickness or seasickness. The vestibular or balance mechanism of the inner ear is destroyed in most cases of inner ear deafness, thus doing away with seasickness.

Motion sickness need not come only from riding in a boat. It may come from riding in a car, airplane, or any other type of vehicle.

They Get Dizzy

People who suffer from this disturbance usually get dizzy, have a full, terrible feeling in the stomach, and may vomit. The room seems to spin around them and they lose their equilibrium or balance.

Today, the person who suffers from motion sickness can obtain remedies that may help him overcome his difficulty. Many drugs are now available.

One of the drugs that has been used for some time now is called Dramamine.

A New Drug

An entirely new substance, known as bonamine, was recently devised. It is a drug that is effective for twenty-four hours at a time.

However, all of these drugs should be used only under the careful directions of a physician.

QUESTION AND ANSWER  
E. A.: It is true that there are certain goiter areas in the United States?

Answer: There are certain dis-

tricts in the United States where the water does not contain sufficient amounts of iodine and therefore goiters are more prevalent. In order to counteract this, small amounts of iodine should be included in the daily diet, by means of iodized salt.

## Pigeon Fancier Going To Court

BOSTON (AP)—Fang Wong, 55, and three pigeons are due in Municipal Court today.

Wong is accused of violating park rules on the Boston Common. Police said the pigeons would be used as evidence.

Police said Wong, armed with a handful of peanuts and a paper bag lured the pigeons with the peanuts, grabbed them and stuffed them in to the bag.

Wong had three pigeons in the bag and was trying for a fourth when arrested, police said. A policeman said he was at a loss to explain why anybody would want the pigeons.

## Fayette County Years Ago

### Five Years Ago

Odus Allen, 80, died at his home in Jeffersonville. A coal famine due to the three-week-old miners' strike is not yet in the offing here, but the future supply was uncertain. Dr. Richard J. Fogle of Washington C. H., passed his state Medical Board exams.

### Ten Years Ago

The Red Cross surgical dressing unit here had a record of 461,790 dressings completed. Dr. R. L. Barnes, a widely-known specialist in internal medicine who spent his early years here, died in Columbus. Fayette County felt the drought, but fared better than the rest of the state when 1.80 inches of rain fell last week.

## 7th District Candidate Said Quitting Race

COLUMBUS (AP)—Reports that Charles West of Lebanon had resigned as Democratic nominee for Congress in the 7th District led to disclosure today that he is the only candidate failing to file a primary election expense statement with the secretary of state. Secretary of State Ted W. Brown's office said statute requires an expense statement before West can receive a certificate of nomination. Certificates of nomination are required by candidates in order to have their names on Nov. 2 election ballots.

Because ballots must be certified by Aug. 19, officials said they had tried to contact West three times by mail without success. The last letter to him on July 27 was returned for a "better address." It went by registered mail.

West, who formerly served as 17th District congressman in the Roosevelt era, seeks to represent the 7th District composed of Clinton, Warren, Logan, Union, Chapman, Clark, Madison and Greene counties. His Republican opponent is incumbent Rep. Clarence J. Brown of Blanchester.

Officials said candidates for elective state offices and congressional seats must file primary campaign expense statements with the secretary of state. Others file with county election boards.

## McClellan Wins Arkansas Primary

LITTLE ROCK, Ark. (AP)—Sen. John L. McClellan has won the Democratic nomination for re-election by a 4,056-vote majority, a certified vote count shows.

Democratic nominees are virtually assured of election in Arkansas.

William P. Bowen, secretary for the Democratic Central Committee, gave these figures for the senatorial race: McClellan, 164,905; former Gov. Sid McMath, 126,172; Paul Chambers, 31,286; Leonard Ellis, 3,391. Thus, McClellan's three foes polled a total of 160,849.

Mr. and Mrs. Samuel R. Parrett extended gracious hospitality to members of the Fayette County Insurance Association, their employees and families at their lovely summer home on the Waterloo Road, for a buffet supper.

Rustic tables were set up in the garage, and the food was served from one long table with Mr. Wilbur Snapp, acting as chef and the pleasures of the evening were rounded out in visiting and games in the home which was beautifully decorated with summer flowers.

Those present were: Mrs. Ralph Hyer, Mr. and Mrs. Bert Holland and family, Mr. and Mrs. Wilbur Snapp and family, Mr. and Mrs. Willard Holdren and family, Mr. and Mrs. Mac Dews, Sr., Mrs. Jane Coffman, Mr. and Mrs. Edwin Wagner, Mr. Tom Mark, Mr. and Mrs. Millard H. Weidinger, Mr. and Mrs. Richard Willis, Jr., Mr. and Mrs. Max Morrow and family, Mr. and Mrs. Dana Hyer and family, Mr. and Mrs. George A. Robinson, Jr., Mr. and Mrs. William Rogers and Mr. and Mrs. Ben F. Norris.

### Himiller-Hodson Wedding Vows Read Monday

The marriage of Mrs. Jane Bryant Himiller of this city and Mr. Thomas Hodson of New Vienna,

was an event of Monday, August 2, and was solemnized in the First Christian Church parsonage with Rev. Don McMillin officiating at the ceremony at 1 o'clock in the afternoon.

Mrs. Thomas Flynn, a close friend of the bride, was her only attendant and Mr. Carey M. Hodson was best man for his brother.

Mrs. Himiller's daughter, little Miss Rita Jane Himiller, was the only guest at the wedding.

A beige print dress with accessories matching, was worn by the bride and her corsage was of pink Bountiful roses.

Mrs. Flynn was wearing a navy blue suit, with white trim, navy accessories and her corsage was white roses.

Little Miss Himiller's dress of aqua was accented with white accessories and her corsage was of yellow roses.

Following the wedding, Mr. and Mrs. Hodson left for Lake Erie on a short wedding trip and upon their return they will reside temporarily with the bride's mother, Mrs. Charles H. Bryant, until their home is established.

### Bride-Elect Is Honored At Shower

Mrs. Frank Swayne of this city and Mrs. Arthur Engle were guests at a miscellaneous shower Tuesday evening honoring Mrs. Swayne's daughter, Betty, given by Miss Charlotte Ernhart and Mrs. Engle's daughter, Miss Hazel Engle at the home of Miss Ernhart in Columbus.

Other guests were friends of the bride-elect in Columbus and games were enjoyed during the early part of the evening.

The bride elect, whose marriage to Mr. Walter Leslein will be an event of August 22, opened her lovely array of gifts at a table centered with a shower of ribbons in colors of pastel pink and white suspended overhead.

Later the guests were served tempting refreshments from a table in the dining room, where the color scheme of pink and white was carried out in the centerpiece of roses and Miss Swayne presided over the punch bowl.

The refreshments also carried out the predominating theme in ice cream molds with heart centers and individual cakes topped with the same motif.

### Two Share Birthday Honors At Picnic

Mrs. Haskell Thompson and Mrs. Chester Dunn were the honor guests at a happy get-together of a group of close friends Tuesday evening at the home of Mrs. Thompson, when their birthday anniversaries were celebrated at a picnic supper on the lawn.

The picnic supper was served at rustic tables and the honor guests received gifts from the group.

Mr. Haskell Thompson assisted in the event and guests were: Mr. Chester Dunn, Mr. and Mrs. Otho Wade, Mr. and Mrs. Joe Fortier, Mr. and Mrs. Ray Brandenburg, Mr. and Mrs. Robert Fortier, children, Donnie and Tommy, Mrs. Ralph Buchanan, children, Lynn and Paul of Creston, Iowa, Miss Carol Lynch of Toronto, Canada, Mr. and Mrs. Ben Wain of New Martinsburg.

## Engagement Is Announced; August Wedding Planned

Miss Marita Craig

Mr. and Mrs. Robert A. Craig, Sr., announce the engagement and approaching marriage of their daughter Marita, to Mr. Robert W. Brownell, of Oak Ridge, Tennessee, son of Mr. and Mrs. Wilford Brownell of Millford, Michigan.

Miss Craig attended Bowling Green University, Ohio State University and graduated from Office Training School, in Columbus.

For the past three and one half years Miss Craig has been associated with the Southern Railway System as a hostess.

Mr. Brownell, a graduate of Michigan State College, is now a chemical engineer, at the atomic plant, in Oak Ridge, Tennessee. The wedding is being planned for Sunday, August 29.

### Mrs. Jackson Is Hostess To Club Members

Mrs. Frank S. Jackson entertained members of the Tuesday Kensington Club, who are enjoying pleasant get-togethers during the summer months, on Tuesday at a picnic luncheon.

The event which was planned and carried out as a surprise to the members was held at the lovely home of Mrs. Jackson's son-in-law and daughter, Mr. and Mrs. Ronald Cornwell, and the members were directed to the home by sealed instructions, which had been given to Mrs. C. D. Young.

Upon their arrival the members found the enclosed patio in readiness for a hamburger fry on the grill and the covered dish viands supplemented a delicious luncheon, which was served at one long table on the patio centered with a low

arrangement of garden flowers.

Following the delightful luncheon hour the members enjoyed the game of samba and the comforts of the beautiful home with lovely views from the large picture windows overlooking the flower gardens of Mrs. Cornwell.

## Plan Discussed To Emphasize Ohio History

Fayette County Represented At Chillicothe Meeting

Representatives of the Fayette County Historical Society, who attended a meeting in Chillicothe to discuss plans to further statewide appreciation of Ohio's history, said they had found a deep and widespread interest in the state's history, particularly since the sesquicentennial celebration last year.

They said that at this meeting they were impressed by the interest, not only of active historical society members, but of many others. People are eager for more knowledge, they said, and are hoping that information and historical information and materials now available will not be lost.

Out of the meeting, they said, came the suggestion that a one-day institute be held this fall, at which experienced leaders may discuss specific problems with everyone interested.

THE NEWARK Historical Society, represented by Mrs. Richard S. Fatig and William I. Davis, extended an invitation for a meeting of this sort to be held at Newark. The date was not announced at the Chillicothe meeting, but the Washington C. H. representatives, headed by Miss Elizabeth Johnson, a trustee and treasurer of the society here, said they understood that the date would be set soon.

It was agreed, they said, that the five most important discussions would be on:

- (1) How to make Ohio history known to all of the state's residents?
- (2) What sources are available?
- (3) Would an active society, or museum, interpret the facts better?
- (4) What programs might be developed for each county?
- (5) How to gather important historical items; what are the most important things to collect and how to protect those for which there is not adequate display space?

The consensus at the Chillicothe meeting that a gathering such as the one proposed for Newark would be "an excellent way for the exchange of opinions and the planning of a statewide approach to the history of Ohio."

THE GENERAL impression was that instead of emphasizing each county, as was done during the sesquicentennial, the object should be to develop the overall picture of the state and make clear the reasons for the early settlement of Ohio. It also was felt that stress should be placed on the types of people that came into this section of the country and why they came.

It was generally agreed, during the discussions, that the state's natural resources and their development—including the many natural beauty spots—should be more widely and effectively publicized.

It was considered important that there be a united approach to educate the youth to the position their state holds in the nation and its position in history and to further the ideals of the great men and women of Ohio's past.

At the meeting were representatives from nearly all of central Ohio's counties.

## New Trial Asked

CLEVELAND (AP)—Attorney Henry Lavine filed a motion yesterday for a new trial for Alex (Shondor) Birns, convicted on an income tax evasion charge and sentenced to three years in prison. Lavine cited alleged errors in the jury instructions.

## Special Child Care Setup Allowed In New Tax Plan

Editor's Note: Following is another in a series of articles explaining the big new federal income tax program and what it will do for (and to) you.

By CHARLES F. BARRETT  
WASHINGTON (AP)—An entirely new idea is being imbedded in tax laws: a special break for people who have to pay for care of their children while they work.

This concept goes into effect for the first time in the huge, 1,000-page tax revision bill just passed by Congress.

Experts figure it will cut taxes for about 2,100,000 persons by a total of 130 million dollars a year.

The new bill permits many taxpayers to deduct from their tax, actual expenses of up to \$600 a year for care of children, but also for any dependent who is mentally or physically incapable of caring for himself.

That means an actual tax cut of \$120 for those in the lowest, 20 per cent tax bracket, a bigger saving in higher brackets.

This is how you can qualify under the child-care provision:

If you file your return as a single head of a household—a widow, widower, divorced or separated person—you can claim the \$600 deduction regardless of your income if you meet the other conditions.

And if you are a working wife, you can still qualify if your husband is incapacitated.

You also can benefit if you file as a married couple, where both husband and wife work and file a joint return. If your combined income is \$4,500 or below, you can deduct the full \$600. Your deduction is reduced by the amount of your income above \$4,500.

Thus, if your income is \$4,800, you can deduct only \$300. But if your income is \$5,100 or more, you are not entitled to any deduction.

One very important point to remember—if you claim this deduction, you must itemize your dependent-care expenses and all your other deductions. You can't benefit from this provision if you take the standard, automatic deduction of 10 per cent of your income offered to most taxpayers.

The provision applies to expenses in this calendar year, which started Jan. 1. You can deduct them in your income tax return due next April 15.

So if you qualify, you might want to start now keeping a record of your deductible expenses.

You can't deduct child-care expenses if they are paid to your own dependents. And of course you can't deduct baby sitter expenses while you are out frolicking.

## FFA Boys Leave For Week at Camp

Six members of the Washington C. H. chapter of the Future Farmers of America left Wednesday morning for six-day study at Camp Muskingum. The boys are Roger Sollars, Robby Hagler, Gary Ivers, John Langley, Bob Montgomery and Oscar Glass. They were accompanied to camp by Dewey Huffman, the chapter advisor and WHS Vo. Ag department head, will bring them home again on Monday.

Wendell Kirk of Kirk Tractor Sales is sponsoring the trip of Oscar Glass.

The camp, located on Leesville Lake about 8 miles south of Carrollton, specializes in training FFA boys in conservation and leadership.

Camp officials announced that attendance this year was expected to break previous records, totaling 1,100 in the four regular sessions.

## Security Ruling Being Modified

WASHINGTON (AP)—President Eisenhower has modified the government's security regulations today to permit the removal of any employee who "in the opinion of competent medical authority" has

a mental or physical illness affecting his judgment or reliability.

The present regulation which requires a court determination that an employee's judgment is faulty because of a mental or other illness.

If you are 65 years old, your life expectancy averages 13.4 years.

## Ex-Tax Chieftain Sentenced To Jail

NEW YORK (AP)—Joseph D. Nunan Jr., once the nation's head tax collector, was sentenced today to five years imprisonment and a \$15,000 fine for tax evasion. Nunan was sentenced by Judge

Walter Bruchhausen who said that Nunan's conduct "cannot be condoned."

The judge said Nunan's crime was made greater by the fact that he had been charged with enforcing the laws.

## U. S. Business To Get 'Nudge' From Agency

Commerce Secretary  
Says Pump-Priming  
Not Being Considered

By SAM DAWSON

NEW YORK (AP)—Businessmen to day can study the difference between a nudge and pump-priming some doubtless, will welcome either if it helps to get business off dead-center, come fall.

Secretary of Commerce Sinclair Weeks says the government plans to give business a nudge this fall by spending money faster.

Old-fashioned pump-priming consisted of the U. S. Treasury pouring money into industry and trade. This public works is buying materials for the stock pile, purchasing more hard and soft goods and services for defense, or making easy loans to various companies so they could expand and produce more.

The nudge that Secretary Weeks describes doesn't involve spending more money than previously appropriated. It involves spending the same amount of money, but spending it this fall instead of waiting to around the start of the year as first planned.

The boost is expected to help business to work out of the summer doldrums and to take an upward path in the fall, rather than continuing to drift or even perhaps to slip back a little.

If the nudge works as hoped, business is supposed to pick up enough momentum to keep on going upward after the first of the year without the aid then of the government spending which is to be

borrowed for use this fall. If this fall doesn't work, some businessmen expect the government will consider the more old-fashioned method of pump-priming.

For a year now businessmen have been getting the benefit of a number of governmental assists to the economy — although they have acted more as cushions to the decline than as nudges upward.

The Federal Reserve Board more than a year ago turned toward an easy money policy. This was before the decline started—while it was just a prospect, in fact. The construction industry, for one, found this a big help in keeping its boom going.

Tax reductions have helped a lot. They have given individuals a little more money to spend. They have enabled many corporations to offset declining sales and keep their profits after taxes as high or higher than ever.

The tax revision bill will help many firms save on taxes and also plan more profitable enterprises for the future. And it should also cut tax payments for many individuals, and thus give them more money to spend at the stores.

Companies that make aircraft, tanks and other hard goods for the military are expecting more orders this fall. This will work back into the metal and electrical equipment industries in time and spur output there.

The President proposed a \$5 billion dollar nationwide defense highway system, which certainly cheers construction industries and their suppliers. As an immediate step, the government is allotting \$75 million dollars to the states for highway work right now. Usually the funds would have gone to the states around the first of the year.

All these nudges will be welcome to business this fall. There are some, however, who are wondering about next year.

If next year's funds are to be spent now, will next year look like a drought? Or will Uncle Sam look for some new money—for another nudge?

## Sailor Crosses Atlantic Alone

COBH, Ireland (AP)—Sven Joffs came off his seven-ton auxiliary cutter Atea and asked:

"Where can I have my beard shaved?"

A waterfront character directed him to a barber shop.

"Thanks," replied Joffs nonchalantly. "I have just crossed the Atlantic alone."

The 33-year-old merchant seaman from New York said the voyage took him 42 days. He saved up \$6,500 to buy the Atea and enlisted a friend as a crew, but the friend got married just as they were about to sail and his bride made him beg off.

## Arab Peoples Dislike U. S. Policies

By George Sokolsky

By RAY TUCKER

Editor's Note: This is the third in a series of articles by Ray Tucker from Egypt.

CAIRO—The United States has become extremely unpopular throughout the vast Arab world, which constitutes very weak frontlines against Communist aggression, militarily and economically, but which owns the land on which the Western Allies need army, air and navy bases. We also need their active support from a sentimental and historical viewpoint. We cannot afford to have them favor the Russians in resentment.

The Arab peoples, according to their spokesmen in this ancient capital of Islamic belief, like us, personally and collectively, American business men and newspaper correspondents get along far better with the Arabians, from here through the Middle East and India, than do the representatives of any other nation.

But the officials and the people despite the U. S. foreign policy as conducted by both the Truman and Roosevelt Administrations. Though utterly anti-Communist, they are skeptical of our attachment to such hated "colonial and imperialistic" powers as Britain and France.

BACKING—On the ground that we cannot afford a break in the solidarity of the Anglo-French-American alliance in Europe and the Far East, Washington backed the British in the Iranian oil dispute and also London's over future occupation of the great military and air base. 150 miles northeast of Cairo, which is regarded as essential to the protection of the Suez Canal against Russian invasion of the Middle East. We support also the unpopular French occupation of Tunisia and Morocco.

It is easy to sit in Washington and write about backward peoples' resentment of foreign occupation, colonialism and imperialism. They are only words, theoretical terms. It requires a visit to this section of the world, and talks with people from officials to hotel door dragomen, to realize the bitterness which we are building for ourselves.

To support Anglo-French foreign policies, for instance, we refused to market Iranian oil after that country confiscated British holdings. The great international petroleum organization clamped on a boycott at the request of the State Department under Truman, and Eisenhower continued it.

In backing the British in the Suez Canal and military base argument, the United States refused to sell arms to the new Naguib-Nasser regime. So, Egypt bought from Spain, which is receiving American military assistance. Finally, we voted against the demand of the Tunisians and Moroccans that their grievances against France be discussed before the United Nations.

SYMBOL—Washington's siding with the Churchill government in the Suez Canal controversy appears to be small cause for hurting Egyptian and Arab friendship toward us. But to the Egyptians, who are imbued with the same spirit of nationalism that is sweeping what Truman called "backward and undeveloped countries," it represented the last symbol of "im-

perialism and colonialism."

"How would you Americans like it?" exploded a high official of the Naguib-Nasser regime, just before the recent Anglo-Egyptian pact was signed. "If Canada insisted on occupying New England? How would you like it if Canada demanded that it be permitted to maintain a military base on Governors Island in New York Harbor, or at Fort Dix in New Jersey? We are just as proud of our nation as you are. We have the same long for complete and independence and recognition."

"The British point out that they have given you Americans many bases in England and in their possessions around the world. But that is quite different. They gave or leased them to you under a contract and friendly agreement—in fact, for their own

national interest. But they have been on Egyptian soil through the stain of conquest."

Washington's policy on "colonialism," under Truman and Eisenhower, has been to force Iran, Egypt, Indochina, Tunisia and Morocco to make concessions to their imperial masters. The time may have come for Ike and Dulles to demand that the great powers—our allies—give more consideration to the little but lusty peoples of the world.

## Yogi Berra's Blazing Bat Chills Tribe

Yankee Catcher Drives  
In Pair Of Runs To  
Beat Cleveland, 2-1

By The Associated Press  
Cleveland's best chance of slowing the New York Yankees' pennant drive is to cool off Yogi Berra's blazing bat.

In his last seven games, the Yankee catcher has hit safely 14 times in 77 at bats for a torrid .519 average. The Yankees have won six of those seven games.

Two weeks ago, Berra was hitting .287. Today he is at .306—and climbing.

It was Berra who proved the difference in New York's 2-1 victory over Cleveland. The triumph sliced the American League leaders' margin over the Yankees to 1½ games.

With Mickey Mantle on second and Irv Noren on third in the third inning, Berra cracked a single off Art Houtteman and scored both runners. That was the ball game. The Indians, who had drawn first blood on Larry Doby's first-inning home run, couldn't budge Whitey Ford after that. The young left-hander permitted only one hit in the last five innings.

The National League race remained unchanged. The league-leading New York Giants maintained their five-game advantage over Brooklyn with an easy 7-1 triumph over Chicago's crippled Cubs. The Dodgers had to go all out, edging the St. Louis Cardinals 2-1 as Carl Erskine bested Vic Raschi in a pitching duel. The third-place Milwaukee Braves, 10 lengths off the pace, outscored Philadelphia's Phillies 3-1.

The Chicago White Sox served notice they were still in the American League race by drubbing the Boston Red Sox 6-2. The victory advanced them to within six games of the Indians.

In other games played under the lights, Cincinnati overpowered Pittsburgh 7-2 and Philadelphia's Athletics downed the Baltimore Orioles 6-2. Detroit shut out Washington 2-0 in the only game played in daylight.

Ford turned back the Indians on four hits for his 11th victory. He fanned six and did not permit a runner to pass second after the fourth. The Indians' best scoring chance after the first inning came in the fourth when they loaded the bases with two out. Ford, however, struck out Jim Hegan.

Don Mossi started for Cleveland but was forced to leave after the first inning because of an upset stomach. Houtteman, who took over in the second, was charged with his sixth defeat against 10 victories.

Except for the third inning when Raschi singled and scored on a triple by Wally Moon, Erskine was complete master of the Cardinals. Erskine himself drove in the winning run. After hits by Jackie Robinson and Rube Walker, sandwiched around a walk to Walt Moryn, had produced the tying run in the fifth, Erskine came through with a single to score Moryn.

The Giants swatted Bob Rush for 12 hits, including Hank Thompson's 19th home run with two on base, to extend their latest winning streak to five straight. Ruben Gomez spaced five hits and struck out seven for his 10th victory.

Back-to-back doubles by Eddie Mathews and Hank Aaron, followed by Joe Adcock's single, produced two fifth-inning runs that enabled the Braves to break a 1-1 tie with Philadelphia. Andy Pafko's 13th homer also helped Warren Warren Spahn register his 11th victory with a six-hitter. Murray Dickson took the defeat.

Veteran first baseman Phil Cavarretta drove in two runs with a double and single, and scored another to give rookie southpaw Jack Harshman all the runs he needed to beat the Red Sox.

Three hits apiece by Chuck Harmon and Jimmy Greengrass and shutout pitching by lefty Joe Nuxhall until the ninth featured

## First Call for Football Players Sent Out by New WHS Coach

Although baseball is still the principal sport and the weather is still steaming hot, football is beginning to move into the sports picture.

Bob Shaw, the new football coach and athletic director who took over the reins in mid-year at Washington C. H. High School, has issued his first call for candidates for the Lion football squad.

Starting from scratch, Coach Shaw has opened wide the gate to every boy in high school who is interested in the sport. He explained that he came here after the football season last fall and, thus, has very little personal knowledge of the boys or their football ability.

Coach Shaw has sent out letters to 75 WHS boys he thinks might be interested in football. However, he made it plain that the gate to the football field was wide open to

every boy in high school and he emphasized that the letter he had sent out was not to be misconstrued as a sort of admission ticket.

Coach Shaw said that since he did not know all the boys in high school, he realized that some who did not get the letter would be interested in football. He added that "we want these boys to come out for the team just the same as the boys who got the letter."

IN HIS LETTER, Coach Shaw said he equipment would be issued the week of Aug. 16 and suggested that the boys watch the Record-Herald for the exact date. They will be given their physical examinations at the same time.

Practice is to get under way on Aug. 20 and the coach warned that while "we have a burning desire to win... we will never break the rules of good sportsmanship."

His letter stressed that football is a team game and that personal interest must be sacrificed for the good of the team.

"We have our work cut out for us this year," his letter continued, "and we have very little time to get ready; so I suggest that you do some running and general conditioning work on your own as we will have some contact work our first day of practice."

Included in his letter were these 12 pointers:

- (1) You are playing for a coach who will dismiss you for breaking any of the training rules.
- (2) I will expect you to get and stay in shape.
- (3) Success comes through hard work, determination and perseverance. There are no short cuts to success.
- (4) We hustle from the time we hit the locker room until we return to it. There's never any walking on the field.
- (5) Tardiness will not be tolerated.
- (6) Don't be satisfied with average results, strive for perfection.
- (7) You must give your best at all times. Be able to say to yourself:

## Filly Hinted Top Star In Hambletonian

GOSHEN, N. Y. (AP)—This is the day of the big whirl around Good Time Park and it could be another filly who will outlicker the colts in the famous Hambletonian Trotting Stakes.

Sixteen of the best 3-year-old trotters in the land are ready to battle it out for a purse totalling \$106,830, second richest of all time, and a pert lass named Stenographer is the favorite.

Owned by Max Hempt of Camp Hill, Pa., and driven by the clever Del Miller, Stenographer has copied eight of her last nine races, and seems ready for the biggest afternoon of her career.

But it will be a tussle, perhaps one of the most memorable in the history of this great sulky derby since it was invented in 1926. There are half a dozen horses capable of trotting those mile heats in 2:02 or better, and few Hambletonians are won that fast.

Stenographer will start from the favorable No. 2 post position, right alongside Pronto Boy, a speedy colt from the Hayes Fair Acres Stable, Duquoin, Ill. Pronto Boy can travel and might grab the first prize of \$57,581.

Others given good chances are the Newport Stock Farm's Newport Dream, South Plainfield, N. J. Cronus, from Goshen's Arden Homestead Stable; Prince Victor, owned by Sam Huttenbauer, Cincinnati; and Harlan, property of C. M. Provost, Pittsburgh, Pa. Harlan is a stable mate of Stenographer.

The father of Hank Bullough, Michigan State's all purpose football guard, Levi Bullough, was a college soccer player in England.

self. "I've given my best for the TEAM."

(8) A boy who loses his temper and uses illegal tactics hurts our team and has no place playing football.

(9) You're lucky when a member of the coaching staff criticizes your play. He's really interested in you when he does it.

A quitter never wins, a winner never quits.

(11) You can't win on what you did yesterday. You have to be at your best every day.

(12) DESIRE is 90 percent of football.

## Old Track Trot Record Here Was Set by Lee Dewey in 1947

The old track trotting record of 2:06:2 at the Fairground here, that was broken by Earl's Song when she won the free-for-all trot last Saturday at the Fair, was set in 1947 by Lee Dewey, a brown gelding driven by Roy Reigle, when he won the 14 class trot.

When Earl's Song turned the mile in 2:06 flat over the half-mile oval, it was immediately announced from the judges' stand that she had set a new mark for the old track, but no one knew when the old record was set or by what horse.

All the judges had to go by at the time was the offer that had been printed on the front of the program—that Frank S. Jackson would give \$100 to the owner of the horse breaking the trotting record of 2:06 2-5, or to the owner of the horse breaking the pacing record of 2:03 3-4.

The offer printed in two lines on the program—and that, apparently, was the only record of the performance readily available—did not give either the date the mark was set or the name of the horse that set it.

But, A. L. Rhoads, architect and builder whose side interest is harness racing horses, has come up with both: the date was July 23, 1947, at the Fair here and the horse was Lee Dewey, owned by Mrs. A. H. Poppe of New Bremen.

Rhoads said he leafed back through the Yearbooks of the United States Trotting Association to verify his recollection and found that the old mark was set in a second dash of the 14 class trot in a duel between Volarian, owned by C. H. Bowen of Columbus, and driven by Gabe Cartnel, and Lee Dewey, driven by Reigle.

Volarian won the first dash in 2:06:4 with Lee Dewey a close sec-

# Firms 'Study' Wives Of Their Salesmen Now

Survey Shows Women Finds Mates Kept Away From Home Too Much

By SAM DAWSON  
NEW YORK (P)—You know about the farmer's daughter. But how about the salesman's wife?

The way she reacts to her husband's irregular hours, to those sudden calls out of town, can lead to tiffs at home. Unhappy home life can put a salesman in a most unselling frame of mind.

In this competitive era, perhaps companies are underestimating the power of the salesman's wife.

They may train the salesman carefully, yet undo it by failing to brief the wife on the nature of his work, the reason for irregular hours, the value of sales conferences ("they're more than just cocktail parties").

A poll of 13,513 salesmen's wives across the land, made over a two-year period by the Research Institute of America shows them as the most frustrating. Only 9 per cent of them would advise their sons to follow in their dad's footsteps.

As for that gambit about the farmer's daughter, the usual comment by the salesmen's wives is: "Out-dated, unfair, boring — the profession has been worn out with jokes."

Many wives complain about long separations and say: "Have him near home at least one week a month." One adds: "We can't afford two cars and when he is on road, I'm stranded."

Of life with the salesman at home, the wives offer this common complaint: "The crush of paper work at night takes time that should be spent with his family."

A third of the wives ask for better cooperation and understanding of their husband's work by his employers. One out of eight plugs for better merchandise delivery and improved service—perhaps echoing

ARTHUR LEONE, Pittsburgh swimming instructor, feeds "Bobby" a cracker before sending the fledgling robin back into the world on its own. He found the bird abandoned by its mother four weeks ago. Taking it into his home, Leone cared for the feathered "orphan" until it could fly. Now he feels the robin should return to its own kind. (International)

gripes they heard from their spouses.

A large number urge added sales help in the form of more advertising.

Some wives want to go along on the selling trips. Many ask to be included in the serious sessions of a sales conference. One notes that at the home office, "Secretaries are included in social functions but never the wives."

The wives rate their husbands' job in comparison with other kinds of work this way: The greatest number choose engineering work as providing the most security—and newspaper reporting as the most interesting (but they gave it a security rating of exactly zero).

They credit salesmanship with paying the most money and giving the highest rewards in accordance with ability and efforts.

More than half of the wives think salesmen encounter discouraging experiences more often than other

employees. Less than half would like to see their husbands spend the rest of their lives selling.

They rank opportunity for advancement as the most important thing about a job, security as second. The younger ones dislike the uncertainty of income from commissions — the older ones say it averages out okay.

One third of the wives declare their husband's success is due to his selling ability; another fourth credit it to his hard work. Only 3 per cent think the reputation of his company has anything to do with it.

What should companies do for better salesmen relations?

"Stop the intelligence - insulting sales pep talks," one wife urges. "Take sales out of the realm of mumbo-jumbo and the fast shuffle."

Another has a quick solution: "Fire three-fourths of all the bosses and start over."

See anemones look like flowering plants but really are animals.

THE Camera COLUMN  
by Charlie Pensyl

Glenn Whiteside from over Bloomington way had a few comments to make last week about the Camera Column. His chief criticism was that it was kind of "text bookish." In view of Glenn's comment we will try to forget we were once a school teacher and stay less academic.

Thousands of Fayette Countians last week saw the photo exhibit at the fair and the chief question we were asked was what kind of camera made what picture. Briefly we will try to run through this information as far as we know it.

Mr. Gabelman's fine color pictures were mainly made with a Roliflex with a Schneider Xenar lens. Mrs. Woodman's prize winning color shot was made with a German made Retina. Ed Porter, whose excellent color work has won him many prizes, uses a Ciroflex. Ralph Child's color pictures were mainly made with the new Kodak Cheyenne with an Ektar lens. Miss Gilmerr's color camera is the Pony 135. Mr. Delbert Hays uses a Roliflex with a Xenar lens and Mrs. Hays' beautiful color work was made through the Ektar lens of a Kodak Bantam Special.

From the president of the Fayette Camera Club, made the beautiful prize winning still life with a Miniature Speed Graphic with an Ektar lens. Bob's color work was done with his two Retinas. Marty Pensyl's pictures were made with a Roliflex, Xenar lens, and a Super D Graflex, Ektar lens. For my pictures I borrowed my wife's Graflex.

Noticeably absent at the fair exhibit, the president of the Fayette Camera Club, made the beautiful prize winning still life with a Miniature Speed Graphic with an Ektar lens. Bob's color work was done with his two Retinas. Marty Pensyl's pictures were made with a Roliflex, Xenar lens, and a Super D Graflex, Ektar lens. For my pictures I borrowed my wife's Graflex.

And, for the new names we were talking about, the new photographer with the new camera; and making practice runs, that is, just going through the motions of taking pictures but without using film. When you've done this and you're completely familiar with how the camera works, you're ready to take pictures.

Do just that. Expose several rolls of film. Take close-up shots, medium and distant shots, some scenic, some portraits or some pictures of the children or the family pets. Try pictures in bright sunlight and others in the shade. Bring those rolls in to Pensyl Camera Shop for developing and then you're ready to start learning.

You learn from experience... and too many amateur photographers throw away their experience. Study those snapshots carefully. Is this picture sharp, clear, pleasantly composed? Could you have moved in closer and filled more of the picture with the main subject? Is the picture dark from underexposure or harsh from overexposure? Are there any unwanted objects in the picture?

Next week we'll talk about some needed accessories that will help you make better pictures with that new camera. Meanwhile, come in for your films or for help. PENNSYL CAMERA SHOP, 231 E. Court St., Phone 9851.

## Race Program Report Is Made

WHS Coach Staff  
At Lion Meeting

The Lions Club of Washington C. H. sold 5,677 race programs at the Fair here last week. The successful sale was reported by the chairman, Harry Thrallkill, at the regular meeting Tuesday evening at the Country Club.

The member who sold the most programs was Lawrence Grim with 110 over the four days and he will be given \$20 worth of fishing equipment put up by H. H. (Dutch) Denton as an incentive and reward for salesmanship.

All money from the sale of the programs goes into the club's sight-saving fund which is used to help the needy obtain eye care.

It was reported the club's share this year will amount to a little more than \$700.

President Wayne Bower was in charge of the meeting.

One guest, John Trace, principal of Washington C. H. High School, was introduced by Walter Rettig.

Dr. Charles Pfersick, program chairman, announced the next meeting will be held on Aug. 17 at the public park shelter house. It is to be a family picnic. The Lions Club put up the shelter house and the roof was put on by Armo.

**ROBERT SHAW**, WHS athletic director, introduced the staff of coaches who will lead the Washington C. H. High School athletic teams through the coming year's schedules of sports.

Those introduced were:  
James V. Lipinski, a graduate of West Virginia State College at Fairmont, who will serve as football line coach and head baseball coach;

Ed Dean, from Ohio State University, football backfield coach; Denzil Leggett, from West Virginia University, will serve as assistant coach, and William McCullough from Otterbein, will be Junior High School football coach and reserve basketball coach.

After introduction by Shaw, they responded with brief remarks expressing their pleasure in being a part of the high school faculty here. Shaw also introduced Freddie Cahall and Donald Meyer, members of the last year's football squad.

## Postmastership Here

(Continued From Page One)  
committee members are a part, to carry on all campaigns, raise all campaign funds and carry on and take care of other duties as were deemed for the success and welfare of the Republican party.

As to the endorsement for the position of postmaster there was general agreement that no such action should be taken at this early date in order that all who may be candidates for the position, shall have opportunity to file applications with the committee for consideration of their qualifications for the place. Such applications, it was stated, are to be filed with the chairman of the Republican central committee, Jess H. Madoux.

**FIVE APPLICATIONS** are on file with the committee at this time. They are those of Charles Fabb, present county treasurer, Fred Rost, clerk and treasurer of the Washington C. H. Board of Education, Frederick R. Woollard, now identified with the Slagle and Kirk auto parts store, Everett Corey, a retired Railway postal clerk and Clark Wickensimer, attorney and former county prosecutor.

Several other names have been mentioned as probable applicants. Among these are Henry Engle, present assistant postmaster who has been associated with the post-office work since 1927. He states he is a receptive candidate and would be glad to have the com-

mittee's endorsement and the appointment.

The name of Charles Ferguson, now identified with Blue Rock, Inc., has been mentioned but he stated to the Record-Herald Tuesday morning that he is not an applicant.

It is said that several others are making inquiries as to the requirements of the postmastership and possibly some of these will submit their applications. The present salary is \$5,870 a year.

**THE EXECUTIVE** committee meeting Tuesday night was held in the probate judge's office in the Court House upon call of the chairman, Harold Finley, who was reported to have considered being an applicant for postmaster, but who announced that he was not a candidate by reason of the fact that although he is a resident of Fayette County, he does not receive his mail through the Washington C. H. postoffice.

The only endorsement made by the county central committee during its Tuesday night session was that of David Whiteside, for the appointment as court bailiff, to fill

## Swine Show Here On Aug. 20

County Event Set  
At Union Stockyards

The directors of the Fayette County Swine Breeders and Feeders Association at their regular meeting Tuesday evening at the Farm Bureau auditorium, completed all details on the Commercial Swine Show to be held Friday, Aug. 20, at the Washington C. H. Union Stockyards. This will be the fifth such show sponsored by the association.

There will be three classes for the show: (1) an individual market hog; (2) pen of 3 market hogs; (3) pen of 10 market hogs.

Prizes are being offered for each class, with the total of all three classes being approximately \$275.00. Local business firms and the Baltimore & Ohio Railroad contribute to the prize list.

Entry blanks may be secured from any director of the Swine Association, County Agent, or any of the stockyards.

Plans were also made at the meeting for the holding of the Annual Swine Institute the last of November.

The vacancy created by the recent death of Richard S. Ramsay who had held that position for many years.

Whiteside is well known over Fayette County. He was formerly county recorder, county treasurer and for many years was superintendent of the Fayette County Children's Home. He retired from the latter position a few years ago.

**THE PRESENT** county central committee is composed of Richard Willis, Jr., Jess Maddux, chairman; Charles Hire, W. W. Williams, Fred Van Schoyck, Jean Nisley, Roy Thompson, Robert Cockerill, Harold McLean, Omar A. Schwartz, Harry Allen, Russell Theobald, James Perrill, Charles Fabb and Lowell Marvin, secretary.

In addition to the above those who were appointed to serve on the executive committee, are: Harold Finley, Mrs. Donna Wagner, Orland Hays, Virgil Perrill, Lawrence Grim, Ray Brandenburg, Frank Sollars, Justin Owens, Roy Coe, Jr., Thomas Mark, Frank Thatcher, William Junk, Reginald Davis, Joe Bryan, Ralph Minton, John Bailey, Jr., Russell Theobald, and Clifford Hughes.

## Jeff Lions Club Is Given Report

8,500 Sandwiches  
Sold at Fair Stand

At a meeting of the Jeffersonville Lions Club Tuesday night, the members heard a preliminary report on the success of their lunch stand at the Fair.

Dale Alexander, chairman of the committee in charge of the stand, said the Lions had sold 8,500 sandwiches, 4,500 cups of coffee, 2,386 half-pints of milk, 4,500 glasses of lemonade, 7,680 bottles of pop and 150 pies.

Refrigerating all the food and drink required five tons of ice.

Alexander's report included an expression of thanks to all the community and members of the club whose help made the booth a success.

The meeting, held in the club room, included discussion of future meetings.

The meeting Sept. 21 will be a

family night dinner celebrating the seventh anniversary of the club.
